Holly – I think it makes sense – lets push it back – there is no real urgency in that any meeting is not until nov 23ish.

Hi Andrew and Judy, I just sent you revisions to the briefing paper based on Bert's comments. I'm sure they need some attention, especially the pros and cons of the different options.

Please let me know if you think I should push the briefing back and I will contact Adele and Karen tomorrow morning to request it be rescheduled. Thanks!

Thanks. I made quite a few comments. Let me know if you want to discuss.

If we need more time, please work with Adele to push back the briefing for Deb, but not too far back so she has time to discuss this with Dave and we can modify it to inform Radhika if needed.

Bert Garcia
Acting Division Director
Water Division
U.S. EPA Region 8

Hi Bert, just checking in to see if you have any comments on the briefing paper on the ND WQS mercury issue that Judy sent you yesterday? Thanks.

Also, do you plan to forward the final version to Karen McCintosh or shall I?

Thanks,
Holly Wirick
